A. The normal working week shall consist of forty (40) hours per week inclusive of lunch, eight (8) hours per day from 6:30 AM until 3:00 PM, five days a week, Monday through Friday. However, the normal workweek may be revised, with the agreement of the Union and the employees involved on a volunteer basis.

B. All work performed in excess of forty (40) hours in one week shall be considered overtime.

C. Overtime shall be distributed as equitably as possible and all employees shall be expected to work a reasonable amount of overtime when requested by the Township. Individual employees shall have the option to decline overtime opportunities, except in emergencies.

D. Recall to Duty and Call-Ins: Employees called into work on their off days or recalled to duty shall receive a minimum guarantee of four (4) hours compensation in accordance with Section B above for all work performed under such circumstances, provided said recall duty is not continuous with the employee's normal shift. The Township shall have the right to assign other work should the emergency or other reason for the call-in be less than the four (4) hour call-in time.

E. Employees shall be entitled to a 15 minute break at a reasonable time in the morning hours. In addition, employees will have a 30 minute lunch break per shift.

F. An employee seniority list (made up of full-time permanent employees by classification and department) shall be used in the distribution of overtime and provided the employee asked to perform the work, can perform the work. The supervisor shall start at the top of the list asking each employee by classification and department if he desires to work the overtime until all available positions are filled. At this point, the next employee on the list will become the first employee asked when overtime is again available. When the entire list has been exhausted, the supervisor will again start at the top. A seniority list shall be updated every January and July and a copy thereof given to the Union. All full-time permanent employees on the seniority list shall be asked to work overtime before part-time and temporary employees are asked to work overtime. I. By mutual agreement between any employee, supervisor, and the Union, flexible hours of work may be permitted to accommodate occasional circumstances where it is to the benefit of the employee or Township or both for work to be performed at times other than the regular schedule of work. Any such short term agreement for flexible hours that results in more or less work hours than regular hours on any given day, work week, or pay period shall be made up during the same or next pay period so that the total number of hours worked shall be the same. For example, the Township may request an employee to work additional hours on one day, with the employee agreeing to take the exact number of hours in time off on another day in the same or next pay period. Similarly, an employee may request a department head to permit hours off on one day by agreement to work the exact number of hours in addition to the regular work schedule on another day in the same or next pay period. Use of such flexible hours shall not result in additional pay or loss of pay to any employee, nor shall any leave balances be increased or reduced.

B. Should the seniority of any two (2) or more employees be equal, the respective seniority rights of such employees shall be determined by the last four (4) numbers of the employee's social security number, with the employee having the higher number being deemed the senior employee.

C. An employee's seniority under this Article shall be terminated for the following reasons:

- 1) If the employee is discharged for just cause.

During reductions of work or during a lay off period, probationary employees will be laid off first.

F. Layoffs shall take place in inverse order of seniority. For layoffs which would result in the bumping of a less senior employee within the Public Works Bargaining Unit, the employee bumping must have necessary skills and ability to perform the job he is bumping, or acquire such skill and ability during a thirty (30) day trial period. Recalls from layoffs shall be made in the inverse order of layoff by seniority. (i.e., first laid off, last recalled and last laid off, first recalled). Recall rights shall be for twelve (12) months.

G. The Township agrees to post all job vacancies or new positions on the bulletin board for five (5) working days.

H. Seniority shall govern employees from within the Public Works Bargaining Unit for such job openings as they may apply for provided they have the necessary skill and ability for the open job position and demonstrate such skill and ability by successfully completing a fifteen (15) day trial period. For example, if an employee has taken 5 weeks of leave in the past 12 months, he or she could take an additional 7 weeks under this policy.

Employees on Family or Medical leave shall be entitled to maintain group health insurance coverage on the same basis as if he/she had continued to work in the Township. If the employee informs the Township that he/she does not intend to return to work at the end of the

leave period the Township's obligation to provide health benefits ends. If the employee chooses not to return to work for reasons other than a continued serious health condition, the Township will require the employee to reimburse the Township the amount the Township contributed towards the employee's health insurance during the leave period.

If the employee contributes to a life insurance or disability plan, the Township will continue making payroll deductions while the employee is on paid leave. While the employee is on unpaid leave, the Township will request that the employee continue to make those payments, along with the health care payments. If the employee does not continue these payments, the Township will recover the payments at the end of the leave period, in a manner consistent with the law.

The use of Family or Medical leave will not be considered a break in service when vesting or eligibility to participate in benefit programs is being determined.

An employee who utilizes Family or Medical leave under this policy will be restored the same job or a job with equivalent status, pay, benefits and other employment terms. The Township may choose to exempt certain highly compensated, "key" employees from this job restoration requirement and not return them to the same or similar position at the completion of the leave. Employees who may be exempted will be informed of this status when they request leave. If the Township deems it necessary to deny job restoration for a key employee on Family or Medical leave, the Township will inform the employee of its intention and will offer the employee the opportunity to return to work immediately.

If an employee has accrued paid leave of less than 12 weeks, the employee will use paid leave first and take the remainder of the twelve weeks as unpaid leave.

If an employee uses leave because of his/her own serious medical condition or the serious health condition of an immediate family member, the employee will first use all paid vacation, personal or sick leave, and then will be eligible for unpaid leave.

An employee using leave for the birth of a child will use paid sick leave for physical recovery after childbirth. The amount of sick leave utilized after this point will be decided on a case by case basis. The employee then may use all paid vacation, personal or family leave, and then will be eligible for unpaid leave for the remainder of the 12 weeks.

An employee using leave for the care of an adopted or foster child will use all paid vacation, personal or family leave first, and then will be eligible for unpaid leave for the remainder of the 12 weeks.

In certain cases, intermittent use of the twelve weeks of Family or Medical leave or a part of a reduced work week may be allowed by the Township. Employees wishing to use leave intermittently or to utilize a reduced work week for birth or adoption purposes will need to discuss and gain approval for such use from the employee's Department Head and the Personnel Department.

Employees may also use Family or Medical leave intermittently or as part of a reduced work week whenever it is medically necessary. If the need to use leave is foreseeable and based on preplanned and prescheduled medical treatment, the employee is responsible to schedule the treatment in a manner that does not unduly disrupt the Township's operations. This provision is subject to the approval of the health care provider.

In some cases, the Township may temporarily transfer an employee using intermittent or a reduced work week to a different job with equivalent pay and benefits if another position would better accommodate the intermittent or reduced schedule.

When an employee plans to take leave under this policy, the employee must give the Township Personnel Department 30 days notice. If it is not possible to give 30 days notice, the employee must give as much notice as is possible. An employee undergoing planned medical treatment is required to make a reasonable effort to schedule the treatment to minimize disruptions to the Township's operations.

While on leave, employees are requested to report periodically to the Township regarding the status of their medical condition, and their intent to return to work.

The Township may require the employee to provide notice of the need to utilize leave (where it is possible to know beforehand) and/or may require an employee to provide certification of an employee's or immediate family member's serious health condition by a qualified health care provider. The employee should try to respond to such a request within seven days of the request, or provide a reasonable explanation for the delay.

Qualified health care providers include: doctors of medicine or osteopathy, podiatrists, dentist, clinical psychologists, optometrists, and chiropractors, nurse practitioners and nurse-midwives authorized to practice under State law and performing within the scope of their practice under State law; and Christian Science practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts.

When seeking certification of a serious medical condition, an employee should ensure that the certification contains the following:

- 1) Date when the condition began; expected duration; diagnosis; and a brief statement of treatment.

- 2) If employee is seeking medical leave for his/her own medical condition, certification should also include a statement that the employee is unable to perform the essential functions of the employee's position.

- 3) For a seriously ill family member, the certification should include a statement that the patient requires assistance and that the employee's presence would be beneficial or desirable.

- 4) If taking intermittent leave or working a reduced schedule, certification should include dates and duration of treatment and a statement of medical necessity for taking intermittent leave or working a reduced schedule.

ARTICLE XX

SICK LEAVE

Employees shall accrue and shall be paid and entitled to sick leave as follows:

A regular full or part-time employee earns sick leave beginning the first of the month following two full months of permanent employment at the rate of one (1) day per month.

Beginning the second year of employment, sick leave will then accumulate at the rate of one and a quarter (1 1/4) days per month worked.

Sick leave so earned and not used shall accrue to the credit of each employee, up to a maximum total accumulation of 130 days. Accrued sick leave shall be canceled upon termination of employment. In the event any person having accrued sick leave ceases to be employed by the Township and is thereafter re-employed within one year of the date of termination of former employment, accrued sick leave of the employee shall be reinstated; but in the event such re-employment occurs later than one year after the termination of the first employment, the accrued sick leave of the employee shall not be reinstated, and the employee shall thereafter accrue sick leave in the same manner as if a new employee.

Sick leave entitles an employee to remain away from work with pay, where such absence is the result of actual personal illness or physical incapacity not job connected, or sickness of an immediate family member. Immediate family member shall be defined as: spouse, parent, sister, brother, child, step-parent, step-sister, step-brother, step-child. Sick leave may also be utilized to take care of a relative not enumerated above if living in one's home. Such leave may need to be evidenced by the proper medical documents when requested.

Sick leave may be utilized for wellness checkups, physicals or dental appointments. Sick days taken prior to or after a vacation or a holiday will require the production of a doctor's note.

An employee must notify his Department Head or the Township Manager within one hour of the beginning of his work day in order that his absence qualifies as a valid charge against accumulated sick leave.

Employees who are absent from work for two consecutive days without giving proper notice to the Township will be considered to have voluntarily resigned.

If an employee is absent from work due to illness for a period of three consecutive work days or for more than ten days in any one calendar year, he/she will be required to furnish a medical certificate from a physician in support of his/her absence from work.

If an employee reports for work and works any portion of his normal shift and then leaves for reason of illness, he will be charged sick time for all unworked hours on an hour for hour basis.

There is no advancement of sick time unless written request is given to the Department Head. This request must be approved in writing by the Department Head and Township Manager and then forwarded to the Township Personnel Department. If an employee is out of work unpaid, the Township will charge him/her for all Township paid benefits. If no approval is given and an employee does not report to work they shall be considered to have voluntarily resigned.

The Township Personnel Department may permit a regular full-time or regular part-time employee to receive vacation day donations from other qualified employees under this subsection if:

(1) the employee suffers from an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature and which has caused, or is likely to cause, the employee to:

(a) go on leave without pay status; or

(b) terminate Township employment,

(2) the employee's absence and the use of donated vacation time are justified;

(3) the employee has depleted or will shortly deplete his or her annual vacation leave and sick leave reserves; and

(4) the employee has abided by all personnel rules regarding sick leave use.

Employees may donate vacation time with a maximum of 40 hours.

DISABILITY LEAVE

When an employee covered by sick/disability benefits have elective or scheduled surgery to be completed, he/she will file a written request from his/her respective doctor giving complete details. The report is to cover, but not necessarily be limited to, information pertaining to the type of inquiry, if the surgery can be scheduled at the department's convenience, time employee will be off work, time the operation will be done, where the operation will be done, expected stay in the hospital, etc.

The employee will be responsible for ensuring a written report at least every 30 days with the department head as to the condition of the injury. The report will be signed and dated by the doctor.

The employee will be responsible for starting any required disability forms prior to the operation. All forms should be as complete as possible, prior to entering the hospital for the actual operation.

Employees may have their paycheck released to their spouse, designated family member or to another person only when there is written authorization on file. This would need to be done prior to the employee entering the hospital.

ARTICLE XXI VACATION/PERSONAL DAYS

VACATION DAYS

Each employee shall accrue vacation time on the following basis:
starting the first month, following two full months of permanent employment, one is eligible for vacation time as follows:

Beginning the 3rd full month of employment to the completion of 4 years	1 day per month
Beginning of 5th year to the completion of 9 years	1¼ days per month
Beginning of 10th year to completion of 14 years	1½ days per month
Beginning of 15th year to completion of 19 years	1¾ days per month
Beginning of 20th year to retirement	2 days per month

A day of vacation equates to the number of hours an employee is expected to work in a day, less overtime. Thus, for an employee who is expected to work an eight hour day, a day of vacation is equal to eight hours; for a seven hour day employee, a day of vacation is seven hours; for a four hour day employee, a day of vacation is four hours; for an employee who works varying hours, a days vacation is pro-rated based on hours actually worked.

Vacations shall be scheduled and taken at such times as the Department Head finds most suitable and approves after considering the wishes of the employee and the requirements of the department.

Vacation must be used by December 31, of the following year. No more than two consecutive weeks of vacation can be taken without Department Head approval.

Upon resignation or retirement from Township employment an employee shall be paid cash at the normal rate of pay for his/her unused vacation leave, provided regular status has been attained. The Township shall buy back unused time at resignation for unused vacation leave.

There is no advancement of vacation time unless written request is given to the Department Head. Request must be approved in writing by the Department Head and Township Manager and then forwarded to Personnel. If an employee is out of work unpaid, the Township will charge him/her for all Township paid benefits. If no approval is given and an employee does not report to work they shall be considered to have voluntarily resigned.

If the employee retires or resigns, such employee thereupon shall be entitled to a sum of money equal to his/her former regular compensation for any earned vacation leave time which has not been used or forfeited for failure to timely claim; provided however, that in the event such employee fails to give his/her Department Head at least two weeks notice of such termination of employment or if discharged for cause, the foregoing terminal vacation pay shall be forfeited.

Regular part-time employees who separate from the Township may receive compensation at their regular rate of pay for each hour of vacation earned.

If an employee transfers from one department within the township to another, the vacation leave credits shall also be transferred. The established period of determining vacation credit will be

from the employee's date of permanent employment. Vacation credit earned by an employee cannot be transferred to another employee.

Temporary employees shall not earn vacation nor be entitled to vacation pay upon separation.

Vacation leave will not accrue while an employee is on leave of absence without pay. Accrued and unused vacation leave may be used to supplement sick leave if the employee has exhausted sick leave accruals.

Paid holidays occurring during vacation are not charged to vacation.

1. The Department Head is responsible for managing the vacation schedules in the Public Works Department and for administering the provisions of this policy.
2. The Township Manager shall approve all vacation schedules for the Department Head.
3. Vacation approvals by the Department Head and by the Township Manager shall be made only when the efficiency of Township operations will not be adversely affected.

PERSONAL DAYS

Each employee shall accrue Personal Days on the following basis:

Beginning of 3rd month of permanent employment to 1 year	1 days
Beginning of 2nd year to completion of 4 years	2 days
Beginning of 5th year to completion of 9 years	3 days
Beginning of 10th year to completion of 19 years	4 days
Beginning of 20th year to retirement	6 days

Personal Days are offered to employees in order to allow them to take one or more days off for personal business provided the employee has given the Department Head a minimum of one day's advance notice for each day taken. In an emergency, advance notice may be waived by the Department Head or his designee. The Department Head shall grant the use of personal days unless such usage unduly disrupts the Public Works Department. Personal days are subject to a one year limitation for use. If such days are not utilized within one calendar year they will be lost and there will be no reimbursement for unused time. Personal days can be used only in half day or full day increments.

ARTICLE XXII **WORKERS COMPENSATION**

A. When an employee is injured on duty he/she shall receive Workers Compensation due him/her plus the difference between the amount he/she received as compensation for temporary

disability and his/her normal salary during the period of said disability, the difference to be paid at the discretion of the Township.

B. The employee shall reimburse the Township for any additional monies received pursuant to paragraph A from a third party action of judgment up to the amount paid to the employee, with the exception of the Township as a defendant without a waiver of the Township's compensation rights.

C. An employee who is injured on the job and is sent home or to a hospital or who must obtain medical attention, shall receive pay at the applicable hourly rate for the balance of the employee's regular shift on that day.

D. Workers Compensation Doctors

F. All medical bills should be forwarded to the Township Personnel Department, so that they can be submitted to the Township's workers compensation carrier.

Certain drug stores have agreed to bill the Township's workers compensation carrier directly. At these locations, employees can obtain medication for workers compensation injuries without having to pay. If however, an employee's workers compensation claim is denied, that employee will have to pay the drug store for any medication so obtained. A complete list of drug stores that provide this billing procedure can be obtained from the Township Personnel Department.

H. Complaints

If an employee is dissatisfied with the Township's Workers Compensation doctors that complaint should be directed to the Township Personnel Department. Workers compensation doctors are selected for their knowledge, experience, skill, quality of care and accessibility. If it is found that a Township doctor lacks in any of these categories, that doctor will be removed from the list.

Township Resolution 4-75-1 and 4-75-2 in the event that it provides substantial equivalent coverage to all employees as presently covered by the adoption of said Township Resolution 4-75-1 and 4-75-2.

G. Employees will be able to waive health coverage and receive a payment of 40% the amount saved by the Township because of the waiver of benefits. This will be prorated depending on when the employee drops the coverage. This payment will be made in December of each year or pro rata upon termination of employment.
